

Payette National Forest 2013 Temporary Jobs Listing

Position Title: Forestry Technician (YCC Crew Leader)
Number of Positions: 1, budget dependent
Location: Council, ID
Salary Range: \$15.00/hour
Estimated Start & End Date: May 20 through August 9, 2013
Application Due Date: March 1, 2013
Government Housing Available (Y or N): Yes - \$4.20/day
<p>Duties: Directs the work of a crew of five to ten enrollees in the accomplishment of conservation work projects. Addresses issues of limited difficulty, or group work issues, such as working with participants and staff to ensure a safe and secure working environment. Assists in creating an environment where enrollee input and feedback is encouraged and valued.</p> <p>Supervises conservation work details, instruction, and environmental activities. Monitors the performance and progress of enrollees. Plans and implements the logistics required for completion of projects on the district, such as conservation and environmental work projects. Participates in planning, coordinating, and scheduling the daily activities of enrollees.</p> <p>Maintains order and discipline among group members, and provides leadership and direction in the performance of daily project work. Works with enrollees to maintain safe and orderly work conditions.</p> <p>Maintains records and prepares required reports. Assists in maintaining an individual record for each participant that contains basic identifying information, emergency contacts, and other required documents.</p> <p>Provides advice and counsel to enrollees regarding work-related problems and routine personal problems. Works as a team leader, offering instruction and guidance on positive social skills, such as instructing participants in diversity issues and conflict resolution skills.</p> <p>Provides positive feedback by recognizing positive behavior and participant achievements.</p> <p>Assists in ensuring that a caring and supportive environment exists for enrollees. Assists in providing a work environment that is appropriate to varying participant needs and levels of maturity. Intervenes by correcting inappropriate behavior and non-performance. Resolves complaints and refers disciplinary problems to next level supervisor.</p> <p>Performs as a leader of a small project crew in carrying out improvement projects such as tree planting, thinning, trail maintenance, brushing, campground cleanup, and similar maintenance projects and tasks.</p> <p>Instructs enrollees in job related tasks. Supports the unit's safety and health programs, and explains and enforces safe work practices and safety rules and regulations. Instructs in the safe operation and maintenance of tools and equipment used in carrying out conservation and environmental tasks and projects.</p> <p>Insures that crews are properly equipped for conservation work duties. Submits requests for supplies and equipment.</p> <p>Provides historical and cultural information about district areas to enrollees, and explains rules and regulations. Plans and conducts education programs addressing the resource area they are currently working is under.</p>
